

2023-2024 Special Education Parent Advisory Group (SEPAG)

Planning for Transition Workshop

What is it?

The transition planning process includes evaluating the student's skills, abilities, strengths, challenges, and preferences to envision their life after leaving school. Planning involves setting goals for the student to strive toward and identifying the need for supports.

This presentation discusses the importance of planning, the steps necessary to plan, and provides hands-on tools to put a plan in place.

Who can attend?

This in-person workshop is designed to offer students in special education aged 14-21 and their family members an opportunity to learn by doing activities that help build a student's plan for when they leave school.

The Arc strongly encourages students to attend and participate in the hands-on experience.
